Technology acceptable use agreement for staff

Whilst Rawdon St. Peter's promotes the use of technology, and understands the positive effects it can have on enhancing pupils' learning and community engagement, we must also ensure that staff use technology appropriately. Any misuse of technology will not be taken lightly and will be reported to the Miss Clapham, the Headteacher, in order for any necessary further action to be taken. Any equipment loaned is owned by the school and may be collected in for monitoring and maintenance.

This acceptable use agreement is designed to outline staff responsibilities when using technology, whether this is via personal devices or school devices, on or off the school premises, and applies to all staff, volunteers, contractors and visitors.

Whilst it is not possible to cover all eventualities, the following information is published to guide staff on the expectation. Any breaches of this policy or operations of the school's equipment outside statutory legal compliance may be grounds for disciplinary action being taken.

This policy should be read in conjunction with the school's Child Protection and Safeguarding Policy.

This policy covers the use by staff of all school owned ICT and communications equipment, examples of which include:

Regulation of Investigatory Powers Act 2000

Ancillary to their provision of ICT facilities the Trustees assert the employer's right to monitor and inspect the use of staff on any computer (including emails) or telephonic communications systems and will do so where there are grounds for suspecting that such facilities are being, or may have been, misused.
